

The key principle is **simplicity**, without over simplification. This may seem an impossible goal in today's complicated and technical environments. However, I have **NOT** found any topic or subject so complex, that its **core components** cannot be meaningfully distilled + clearly represented **on one page**. JF Jaeger

"Simplicity is the ultimate sophistication. Art is never finished only abandoned.

– [Leonardo da Vinci](#)

"Facts are stubborn things" and whatever may be our wishes, our inclinations, or the dictates of our passion, they cannot alter the state of facts and evidence. Helped frame [USA Constitution](#)

– [John Adams](#)

"Art is the elimination of the unnecessary". Action is foundational key to all success

– [Pablo Picasso](#)

"Nature's way is simple and easy, but men prefer what is intricate"

– [Lao Tzu](#)

"One should not increase, beyond what is necessary, the number of entities required to explain anything. All things being equal, **the simplest explanation tends to be the right one**"

– [Occam's Razor Principle](#)

"You can will something to happen with your body, with your mind. **The mind is that strong**"

– [Byron Nelson](#)

"Education is not the piling on of learning, information, data, facts, skills, or abilities that is training or instruction - **but is rather making visible what is hidden as a seed.**"

– [Thomas More](#)

"The biggest change to come in [GOLF](#) **will be in the mind**. That is the next frontier. **Remember, once you master the mind, the body will follow.**"

– [Gary Player](#)

"Simplicity - the root of the substance. The fundamental law underlying **everything in the Universe is utterly plain and simple** no matter how abstruse or complex some things may appear to be.

-- [I Ching](#)

"First and foremost, we talked about how free will controls thought. Any golfer can decide what he wants to think about as he contemplates a shot. **So we worked hard on getting him to think about what he wanted to happen, rather than what he didn't want to happen.**

GOLF IS NOT A GAME OF PERFECT

– [Bob Rotella](#)

"What makes **self-hypnosis** (mental imagery) so intriguing **is its power**. We are astounded to see ourselves perform a feat that seemed impossible in our ordinary state of consciousness. During this state, not only is our concentration increased, but you learn to put aside your critical attitudes. You will then have a **powerful trigger** with which to transform your target. Always mentally rehearse desired task in the most positive light. TRIGGERS

– [Stanley Mann](#)

"When I leave this Earth, I won't take any money with me. **All I will leave behind will be my art.**"

– [Brad Renfro](#)

"The CLUB is connected to HANDS, which are connected to our MIND. The **mind is the GAME**.

– [SYT GOLF SWING](#)
